The worksheet listed below is to assist you in calculating your total water purchase price, which is based on the type of use. Fill in the shaded areas.

Type of Unit	Purchase Fee (A)	Number of Units (B)	Total Amount (C) (A) x (B)
Primary dwelling unit on septic system	\$1750		
Accessory dwelling unit on septic system (guest house, apartment)	\$1080		
Primary dwelling unit on a central wastewater system	\$1080		
Accessory dwelling unit on a central wastewater system ALSO: Large Domestic Animals	\$540		
Each, 500 sq-ft of irrigated land	\$920		
Each 100 sq-ft of surface area of water feature, ponds or Hot Tub (nothing less than 100 sq-ft unit)	\$240		
Total Purchase Fee (total of column C)			

**\*\*Note:** There will be a one time \$300.00 administrative fee added to the purchase price.
